

# FARES & SCHEDULE

## EFFECTIVE 01 JUNE 2021

# Welcome aboard the Gautrain!

**Thank you for choosing Gautrain**, South Africa's first, premier rapid rail transport system that has been built to exacting international transportation and safety regulations, so you may be assured of a speedy, safe, and comfortable journey with us.

The Gautrain commenced operations in 2010 and to date we have over 120 million passengers entries at stations. With an average punctuality of 98.55%, the Gautrain is one of the most reliable passenger train services in the world – an achievement that we are exceptionally proud of. Travelling at a maximum speed of 160 kilometres per hour, it connects Hatfield station with Johannesburg Park station in approximately 42 minutes, and Sandton station with the OR Tambo International Airport in less than 15 minutes.

Gautrain operates across Johannesburg, Tshwane and Ekurhuleni and connects to the OR Tambo International Airport. A fleet of Gautrain buses service over twenty bus routes that provide access to nine of our ten train stations (OR Tambo excluded). Parking and drop-off facilities are available at all stations, except for the OR Tambo station. In addition, a midi-bus service provides an additional shuttle service along select routes.

We understand that in addition to your time, you value your safety and that is why we go to great lengths to safeguard both. We have over 860 Close Circuit Television (CCTV) surveillance cameras that are linked to a state-of-the-art security control room, manned by staff who are in constant communication with roaming on-site security personnel, ensuring your safety when using the Gautrain service.

## About Refunds

### How to apply for a Train Product refund

To apply for a refund on a Train Product, the following steps may assist:

**STEP 1:** First, calculate your Cost Per Trip by using this formula:  $\text{Cost of Product} \div \text{Total Number of Trips} = \text{Cost Per Trip}$

**STEP 2:** Secondly, calculate your refund amount by using this formula:  $\text{Cost Per Trip} \times \text{Remaining Trips on Product} = \text{Refund Amount}$

Note: An admin fee may apply for Gautrain Card transfers and refunds.

### How to apply for a refund at a Gautrain station

You may apply for a refund at a Gautrain station, but, before you do so, please remember to bring along a copy of your ID and bank statement.

Please note that refunds applied for at a Gautrain station take up to 14 business days to be processed.

### How to apply for a refund online

Refund requests are made easy on the Gautrain website. Simply, link your Gautrain Card or Contactless bank card as a transit card to an online profile to submit a refund request.

Please note that refund requests for **online purchases** must be submitted via the Gautrain website.

Online refunds are processed in 3 to 5 business days and up to 14 business days.

### Rules for website and mobile app purchases

After completing your online purchase:

Please allow at least 30 minutes before tagging in at a fare gate or onto a bus.

If travel does not occur within 7 days, the value will remain on the Card. Access through the fare gate will however not be permitted and a refund for the value may be requested via the website.

Travel must occur within 7 days of making your online purchase.

Refund requests for online purchases must be submitted via the website only.

#### *Why must travel occur within 7 days of an online purchase?*

When a customer makes an online purchase, the transaction populates a file called an 'action list'. This action list is sent out at approximately 10-minute intervals to all fare gates. Only when a customer tags at a station fare gate or onto a Gautrain bus, is the purchase removed from the action list and loaded onto the Card. If the customer does not tag in within 7 days of the online purchase, the transaction is automatically removed from the action list in order to reduce the file size, thereby ensuring that the fare gates operate as optimally as possible to make the tag in process quick and efficient.
